

# IT MASTER SOLUTIONS

## Internship Scheme

### APPLICATION FORM

#### Internship Opportunity

##### Description

IT Master Solutions is seeking 2017-2018 undergraduates in the field of software development for full-time employment in our Information Technology Internship Program. The IT Internship offers comprehensive training in technical skills and business knowledge.

##### Responsibilities

- Build new solutions with one or more of ASP.NET, MVC, HTML, CSS, JavaScript, Windows Forms, .NET/C#, Angular JS, and MSSQL Server 2012.
- Support and maintain existing web applications or Windows applications or Windows Services troubleshooting issues as they arise and recommending improvements.
- Test and document new applications, changes, and interacts with team members.
- Works with project owners and analysts during system design to determine needs and to plan solutions.
- Communicate with project owners, end-users, and other IT teams regarding project progress and issue resolutions.
- Support servers for related functions.

##### Qualifications

- Pursuing a Bachelor's degree in computer science or related field
- Strong GPA
- Core proficiency in one or more of the following: C#, C++, JavaScript, Java, HTML, CSS
- Ability to research, recommend, and apply new solutions as they emerge.
- Excellent communication skills, both verbal and written.
- Can effectively handle multiple projects in a fast-paced, changing environment.
- Self-starter with a strong work ethic, attention to detail, and superior problem-solving skills.
- Ability to work in a collaborative, cross-functional environment
